|--|-----------------------------|--------------------------------|---------------------------------|
| Abiraterone Acetate                                | Beclomethasone Dipropionate | Candesartan Cilexetil          | Dabigartan Etxilate Mesylate    |
| Acebrophiline                                      | Benfotiamine                | Carisoprodol Hcl               | Dapoxetine Hcl                  |
| Aceclofenac  | Benfotiamine                | Carvedilol                     | Desloratadine                   |
| Acriflavin   | Benzalkonium Chloride       | Cetirizine Di Hcl              | Desoximetasone                  |
| Alendronate Sodium                                 | Bilastine                   | Cetrimide                      | Dexamethasone Sodium Phosphate  |
| Allopurinol  | Biperiden HCl               | Chlorhexidine Digluconate 20%  | Dextromethorphan                |
| Amisulpride  | Bisacodyl                   | Chlorzoxazone                  | Dextropropoxyphene Hcl          |
| Amoxicillin Sodium + Potassium Clavulanate Sterile | Bisoprolol Fumerate         | Cilostazole                    | Diacerein                       |
| Amoxicillin Sodium Sterile                         | Blonanserin                 | Citalopram HBr                 | Diclofenac Sodium & Pottasium   |
| Amoxicillin Trihydrate Compacted                   | Budesonide                  | Clascoterone                   | Di-Cloxacillin Sodium Compacted |
| Ampicillin Sodium Sterile                          | Bupropion                   | Clobetasol Propionate          | Dienogest                       |
| Ampicillin Trihydrate Compacted                    | Borax                       | Clopidogrel Bisulphate Form I  | Dinosterol                      |
| Artemether   |                             | Clopidogrel Bisulphate Form II | Diphenhydramine Hcl             |
| Atorvastatin Calcium                               |                             | Clotrimazole                   | Diphenoxylate Hcl               |
| Azilsartan Medoxomil Potassium Salt                |                             | Cloxacillin Sodium Compacted   | Divalproex sodium               |
| Acetylsalicylic Acid BP                            |                             | Cloxacillin Sodium Sterile     | Dobutamine Hcl                  |
| Ashwagandha Extract                                |                             | Carbomer                       | Dorzolamide Hcl                 |
| Amiodipine Besylate EP                             |                             | Ciprofloxacin Hcl              | Dutasteride (Anti Androgen)     |
|  |                             | Closantel Sodium Dihydrate     | Desvenlafaxine Succinate HI     |
|  |                             | Clomipramine Hcl               | Deslaratadine                   |
|  |                             | Clomiphane Citrate             | Danazol                         |
|  |                             |                                | Doxazosin Mesylate              |
|  |                             |                                | Disulfiram                      |
|  |                             |                                | Domperidone                     |
